ABRASIVES

Technical Specifications

Type	A32	307
Grit Range & Grain	P60-P800: Brown Aluminum Oxide	P60-P800: Brown Aluminum Oxide
Backing	Cwt latex backing	Cwt paper backing
Bonding	Resin/Resin	Resin/Resin
Coating	Closed coating	Closed coating
Anti-clogging Layer	Stearate	None

Type	Features	Benefits
 A32	<ul style="list-style-type: none"> All resin bonding Aluminum oxide grain with special handling Stearate coating layer 	<ul style="list-style-type: none"> Withstand tougher-than-usual jobs and last longer High performance with primary paint surface Prevent clogging on painting and non-ferrous metal
 307	<ul style="list-style-type: none"> Cwt paper backing Special brown aluminum oxide abrasive grain Flexible bonding resin system 	<ul style="list-style-type: none"> Cost-effective, suitable for machine grinding Reduce the compound polishing time Reduce manual operation intensity

Type	Applications	Forms
A32	<ul style="list-style-type: none"> Primary paint grinding Wood and synthetic material grinding Decor surface polishing 	
307	<ul style="list-style-type: none"> General sanding on bare wood Primary paint grinding Metal grinding
